

What you will find at the McCully Heritage Project:

- 15 miles of hiking and horseback trails
- Scenic overlooks of the Illinois River valley
- Two fishing ponds
- Abundant wildlife, bird and turtle watching
- Wildflowers and trees galore
- Picnic areas throughout the site
- 19th Century historic log cabin
- Wetland with a boardwalk
- Prairie and native species gardens
- Birding trail and bird nest exhibit
- Heirloom vegetable garden
- Primitive and hike-in camping

The McCully Heritage Project is a nonprofit environmental and cultural education center in Calhoun County, Illinois. Our programs are focused on birding, native plant restoration, trees, the history of agriculture & industry in the lower Illinois River valley, and land stewardship.
